MARIA INÊS FERNANDES

Head of Music

Hello, everyone!

We are proud to announce the beginning of one more school year at PaRK Music Academy.

This is a space within the school where children, young people, and adults are able to have the experience of learning an instrument and being part of an artist collective.

At PaRK IS, we firmly believe that music plays a fundamental role in our students growth. It helps to develop basic skills such as responsibility, self-esteem, discipline, team work and critical thinking.

In addition to the music lessons, students can also receive an international certification from the Associated Board of the Royal Schools of Music (ABRSM).

We wish you all a great academic year 2023/2024

If you have any questions, please feel free to contact us:

Descrição

A nossa oferta educativa têm como objetivo promover o ensino da música e mostrar que qualquer pessoa que goste de música e queira aprender um instrumento, desde o nascimento e sem limite de idade, poderá fazê-lo.

Privilegiamos o ensino da música em conjunto e acreditamos que ele poderá acontecer desde muito cedo. Oferecemos um espaço onde acontecem sessões de música para bebés mas onde também o adulto é convidado a experimentar o instrumento que sempre sonhou tocar.

Por outro lado, temos o privilégio de conseguir integrar os alunos do ensino geral do PaRK IS e criar uma ponte efetiva entre aqueles que querem prosseguir e aprofundar os seus estudos musicais ou aqueles que, numa fase da sua vida académica, pretendem fazer parte de um coletivo artístico.

Somos guiados pedagogicamente com a adoção de programas definidos por entidades examinadoras como o ABRSM, dando aos nossos alunos a oportunidade de obter um diploma.

Não nos esquecemos nunca da importância da arte no desenvolvimento sociocultural, mas acima de tudo na realização pessoal para todos os alunos.

Assumimos ainda um compromisso forte com a componente da performance.

Acreditamos que oferecer o "palco" aos nossos alunos é um fator motivacional e, a nosso ver, determinante para o compromisso de todos os alunos e professores.

A performance estimula a autonomia dos alunos assim como a envolvência informal entre eles. Daí estabelecermos, desde o início, um calendário anual com apresentações, audições e concertos.

Description

Our educational offer has the objective of promoting music education and showing that anyone who likes music and wants to learn how to play an instrument is able to do so, from birth to whatever age.

We prioritise group learning and believe that it can start at an early age. PaRK Music Academy offers a space for music sessions for babies and also one where adults are invited to experiment with the instrument that they have always dreamed of playing.

On the other hand, we are privileged to be able to integrate PaRK IS general education students and create an effective bridge between those who want to continue and deepen their musical studies and those who intend to be part of an artistic collective in the future.

We pedagogically guide our lessons with the adoption of programmes defined by entities such as ABRSM, giving our students the chance to earn a diploma.

The importance of art in students' social-cultural development and personal growth is very important to us.

We also give great value to the performance component. We believe that giving our students the chance to be in the spotlight can motivate both them and the teachers to be committed to their musical journey.

Performing stimulates students' autonomy, as well as comradeship among them. Therefore, an annual calendar with presentations, auditions and concerts is established at the beginning of the year.

REGULATION

At PaRK Music Academy there are extracurricular music lessons that run outside school hours. The group lessons evaluation is done at the beginning of the school year by the teacher. Lessons have limited openings and are filled in by order of enrolment.

Students enrolled in the 2022-23 school year have priority if they fill in the form sent until the 31st July. After that, they are considered new enrolments.

Enrolments for extracurricular activities are exclusively done by filling in the form sent at the beginning of the school year. The available vacancies are communicated via email or telephone up to 8 days after the form is sent.

New enrolments can be done monthly starting on the 15th November via email (parkmusicacademy@park-is.com) and will be individually studied by the school. We guarantee an answer within 7 working days.

Teachers will have access to the parents' contact information for any necessary communication.

The available vacancies will be communicated, along with detailed information about the timetable, until the 26th September. After the first two weeks of school the teachers will send the welcome email with more detailed information in accordance with the students grade/year and level.

Lessons take place from 2nd October to 28th June. They are interrupted during school breaks (Fall Half-Term, Winter School break, Spring Half-Term and Spring School Break). Enrolment in the lessons has a required mandatory minimum period of one school term. Cancellations are only accepted when done via email (extracurriculars@park-is.com and parkmusicacademy@park-is.com) up to 15 days before the end of the school term.

The invoice is sent at the beginning of each term (November, January and April).

Lessons that are cancelled on days that the school is closed such as holidays or due to adverse weather conditions are neither substituted nor give right to a reduction in fees.

When field trips coincide with the extracurricular activity timetable, these lessons are normally not compensated. However, this is an exceptional occurrence that should be avoided. In case it happens, it is up to the parents/guardians to decide what activity they want their child to participate in. If lessons are not able to be compensated when the teacher is absent, the student is credited and at the end of the school term, the fees are adjusted.

Students enrolled in PaRK Music Academy do not pay extra for lessons prolonged for up to 15 minutes. Siblings, who are not enrolled in the activities, are not exempt from paying the extension period. Whenever a student has to

miss a lesson, the parent/guardian should inform the school assistant and the extracurriculars via email (parkmusicacademy@park-is.com), as well as the teacher until 12:00 PM of the same day. If the information is not sent, the school will take the students (up to the 4th grade) to their respective lessons as usual.

Absences are not entitled to lesson compensations or fee adjustments.

The team of teachers and assistants at PaRK Music Academy help children up to the 4th grade go to the music lessons in the correct timetable. Students from grade 6 and up must make their way to the lessons on their own.

All students are responsible for their material and it should be correctly identified and in good conditions. At the end of every term there are concerts, open classes and auditions.

Every term, parents are able to attend one lesson which has been previously arranged and authorized via an email to parkmusicacademy@park-is.com

In the last 2 weeks before each end of term, there are public performances (concerts and auditions), and students do not have classes in the regular time and format on these dates. On the days of concerts and auditions, students who are not performing should attend the dress rehearsals or concerts. This is part of their learning experience.
